MESSAGE FROM LISA GREEN REGARDING SOLO, DUO SHOW @ ST.
MARKS CHURCH
SUNDAY FEB 24TH
For the solo/duo/trio show...

Please include the dancers first name and last name, the style of
dance
and the length of the number.
Each dancer gets an opportunity to perform. Due to the vast
numbers of
dances, in order to keep the show at a reasonable time frame, not
every dancer can do all his/her dances.
We grant the senior kids who are leaving this year the opportunity
to
do two dances first, then work down the line.
Generally every person gets the opportunity to do a soloPLUS a duo
number or a trio number. So please listthe dances you would like to
perform in order of your priority. Last year there was over 70 solo
duo trio numbers Wow!It would be great to showcase it all but we
would
need a weekend for that!
For the dancers who are in many different duo/trio numbers please
talk
to your teammates and decide together which numbers you would
like to
perform. Last year I would have some duos marked down, but only
one
person from the dance knew about it.
I will need the final numbers by the 15th of February which is a
week
before the show. This gives me time to get the programs done and

contact anybody who would like to do another number.
I will be gone from the 01-08th of Feb so if you don't hear from me during that time, I'll have the information if there is any changes and amend it when I return.
Thanks for your cooperation! It's going to be a great show.

SHOW SHOW SHOW @ SEMIAHMOO MALL

Please arrive no later than 11:40 in your first costume hair and make-up done plus warmed up at home prior to arriving. For those who need to change Please Mom and Mariaposa will accommodate. For solo's duo's or trio's please be sure to have your CD with only one song on it. Also have a back up.
If you are burning extra's be sure they are NOT re-writeables, most machines will not read them, CD-R's are best.

SHOW ORDER if I missed adding you, I will slot you in on Sunday.

Practice Practice Practice: sign up sheet is always on the wall at the studio . A new sheet for the next weekend is put up Mon. or Tues . You should be adding texture to your pieces by now. Examine your levels, your dynamics, focus and lines, but mostly add more depth to your story.
Happy Dancing Loretta
